

The Global Glimpse Student Pledge

A commitment to the Global Glimpse rules, values, and approach to travel

Dear Glimpser,

Global Glimpse was born out of a vision for a more just and equitable world. This vision has been cultivated over the years through the commitment, courage, and compassion of our students and leaders. Thank you for your hard work in fundraising and attending the pre-trip workshops. Now it's time to immerse yourself in a new country, new culture, and a new leadership journey.

We would like to remind you that this program is an educational experience that will help you build your leadership skills and give you a new perspective of the world. Glimpsers are expected to learn as much as possible, respect Global Glimpse norms, be responsible travelers, and of course to **have fun!**

As a sign of your commitment to joining the Global Glimpse family you pledge to hold yourself accountable to the following rules and regulations.

Few young people are given the opportunity to travel internationally and even fewer travel in a way that empowers them to become globally competent leaders. We believe that exposure to another country will help you take action to make the world a better place. You will experience a different country, culture, and way of life. You will learn about service and become part of a community that opens their hearts to you. Take advantage of this opportunity and bring everything you learn back with you!

Be courageous, be committed, be compassionate and remember...

"Travel is more than the seeing of sights; it is a change that goes on, deep and permanent, in the ideas of living." – Miriam Beard

Sincerely,

Eliza Pesuit, Executive Director & the entire Global Glimpse Team

GLOBAL GLIMPSE

Open the eyes of tomorrow's leaders

The 3C values of being a Glimpser...

Commitment: you are responsible to yourself and others (give 110% to this experience)

Courage: you are willing to take positive risks to better yourself and others

Compassion: you are kind and caring to others despite differences

OPEN YOUR EYES, HEART, AND MIND

These tips will help you get the most out of your experience abroad:

- **Be flexible and open-minded** regarding schedules and expectations of your trip
- **Keep your energy and enthusiasm high** (it's contagious)
- **Try everything** (no regrets!)
- **Be of service** to others (help your GG staff as well)
- **Be honest and open** about your life, thoughts, and emotions
- **Be willing and eager** to get your hands dirty
- **Be humble and culturally sensitive to differences**
- **Think long-term.** How can we establish lasting relationships with those we meet?
- **Be sensitive to one another.** Remember, everyone deals with stress and new situations differently.
- **Challenge yourself** to learn, ask questions, be curious all the time
- **Reach out to locals** even if you don't speak the language well (smiles and handshakes go a long way!)
- **Stay Healthy:** Drink lots of purified water, eat, sleep, wear sunblock and mosquito repellent, laugh and smile every day.

GLOBAL GLIMPSE STUDENT RULES

Our program rules have been created for our students' safety and to minimize the risks involved with traveling to a new place and culture. If directions or rules are not followed, students are considered a safety risk to the group and the group's learning experience. You should be prepared to hold students accountable for the following program guidelines or they will be dismissed from the program and sent home early.

GENERAL:

- All students must be accounted for at all times. No student is permitted to leave the group without permission from a Global Glimpse staff member or Global Glimpse Leader.
- Students, Global Glimpse Leaders, and staff must sleep in their own beds and in their own rooms. Switching rooms or hanging out in another person's room is not permitted. Students will have shared common spaces for hanging out together.
- The consumption or possession of drugs or alcohol will not be tolerated under any circumstances.
- Smoking paraphernalia is not allowed to be used or purchased in-country, nor brought on the trip under any circumstances. Vapes or other smoking devices are not allowed on the trip.
- Students are not permitted to get tattoos or piercings while in-country.
- No visitors are allowed in the accommodations. Visitors may sit with students outside of the accommodations in eyesight of Global Glimpse Leaders or staff.
- If a student breaks an item at the accommodations or during any of our activities, then the student and their family are responsible for reimbursing Global Glimpse for the cost of that item. (Please treat your accommodations and everything you come into contact with care and respect).
- Making threats of physical, emotional, or sexual violence (joking or otherwise) is an extremely serious offense and will not be tolerated.

ELECTRONICS:

- Students may bring their cell phones for the flight portions of their trip. However, students will need to turn their cellphones to their Global Glimpse Leaders once they land in their host country. As this is an electronics-free trip, students may NOT have cell phones while in-country.

- Students should not use any personal electronic devices that connect to the Internet at any time during their trip. Students will not be allowed to use the accommodation Wifi or internet in general during their time in-country except for writing trip blog entries at a scheduled time.
- Students may use a music device when traveling on a bus or during down time. Music devices should never be connected to the internet.
- Headphones should only be worn during a bus ride or during downtime and never during scheduled curriculum activities.
- Students may be asked by GG Leaders or Coordinators to not use electronics at any time. If a student uses the internet on their music or camera device, then their device may be confiscated and stored until the end of the trip.

DRESS CODE:

Dress and attire are a form of self-expression and we want our students to be able to express themselves as individuals. On your trip, different attire will be appropriate for different environments (e.g. hiking, attending a cultural event, speakers, working on your Community Action Project and/or lounging at your accommodation).

The dress code can vary by day and event. At all times:

- Clothing should not be offensive to other members of the GG community and country you are visiting
- Clothing that degrades religion, race, or sexuality is prohibited
- Clothing that promotes drug use or uses offensive language is not allowed during your trip
- Students should not use clothes that reveal undergarments

If students violate the above code they may not be allowed to participate. See your General Packing list and examples for more details on packing.

NIGHT RULES:

- 9:00 pm: Quiet time. Participants will be asked to observe quiet hours. This will entail but not be limited to refraining from yelling, loud music, or loud social games in common areas.
- 10:30 pm: All students must be in their assigned rooms and bathrooms, preparing for lights out. Students are not allowed in common areas during this time.

- 11:00 pm: All lights out and everyone in bed. No one should be up after this hour. Any needs should have been taken care of before 11:00pm.
- Global Glimpse Leaders and Coordinators can move lights out depending on the following day's activity or as they see fit.

MEALS/FOOD:

- Attendance at all meals is mandatory – the quantity students eat is at their discretion, but healthy portions are encouraged to help keep students' energy levels up throughout the trip.
- If students desire additional food or drinks they must check in with their Program Coordinators first.
- Students should be careful about what type of food they eat outside of the group meals (i.e. purchasing food around the city during "free time").

FREE TIME & GOING OUT:

- Free time will generally be short periods of time (usually less than an hour) between activities that students can do specific activities in or near the accommodation.
- Students may have the opportunity to go out in groups of 4 or more to specific, **pre-communicated** and **agreed upon** locations (grocery store, cafes, etc.) for the specific purposes approved by Global Glimpse Program Coordinators **and** Global Glimpse Leaders. Students must return directly to the accommodation after the agreed upon purpose.
- All students must fill out the sign out/sign in sheet (with names of students in group, destination, time-out, time-in), and must return by the time indicated in the sign-out sheet.
- If students wish to change locations and this plan was not communicated on the sign out sheet, students **must return and let adult leaders know** before changing locations. In case of any emergencies, adult leaders must know where to locate students quickly.

*Privileges above are based on group behavior. The misbehavior of one student will affect the privileges of the whole group.

INTIMATE RELATIONSHIPS:

- Global Glimpse requires all participants to refrain from engaging in any intimate relationships while on a Global Glimpse program (this includes, but is not limited to: other Glimpsers, Global Glimpse Leaders and staff).
- Strong friendships/relationships will occur, but public displays of affection (kissing, hand holding, sitting on laps, extended embraces, going behind closed doors, petting and cuddling) are not appropriate during the Global Glimpse program with locals or other Glimpsers and may result in a conversation with the Adult Leadership Team.
- Any sexual interactions or misconduct will be grounds for immediate dismissal from the program and result in the student being sent home and their parent/guardian paying approximately \$1500 for the return flight and transportation.
- These types of relationships take away from a conducive learning environment for the group and can lead to safety risks.

KITCHEN USE (if applicable):

- Dishes / utensils must be washed and returned to their original place and the kitchen must be kept clean. Any dishes left out / unwashed will result in removal of dish and fridge privileges for all.
- Fridge may be used to store medication or food/drinks.

BEACH/WATER RULES (IF APPLICABLE):

- Students are not allowed in the water past their waist in open waters without a life vest and must remain close to shore (beach, lake, river, etc.).
- Students are not allowed in the water alone and must stay within boundaries set by the Adult Leadership Team.
- The swimming ability of each student will be clearly understood prior to the first visit to swimming areas for their safety.
- While swimming, at least one staff must be present with a watchful eye on all swimmers at all times without distractions. A second staff member must be in the water with the swimmers. If a third (or even fourth) staff is available, they can decide to be in the water or on shore wherever support is needed most.

ILLNESS RULES:

- If advised by a medical professional, a student may be required to stay at the accommodations all day so that they can recover to 100% health. An ill student will be encouraged to remain in their room resting unless needing to use the bathroom, eating, or refilling water. No computer and internet use is permitted to an ill student unless approved by GG staff in cases of extended illness.
- In the event that a student becomes ill, a GG Leader or staff is required to stay behind with the sick student.

SOUVENIR RULES:

- Students are not allowed to purchase or transport drugs, alcohol, cigarettes, cigars, or any smoking paraphernalia, sharp objects/weapons such as machetes or knives.

DISMISSAL FROM THE PROGRAM:

Failure to comply with these directions and rules can negatively affect the safety of the group as a whole. If a student fails to comply, the Global Glimpse US office will determine to send a student home immediately at their parent's expense. (The cost of return airfare and transportation is approximately \$1500.00 USD).
